Profile

Junior Software Developer experienced in building full-stack and mobile solutions. Proficient in Spring Framework, React, and React-Native, with a strong focus on creating efficient applications. Driven by a passion for technology and a desire to contribute to impactful projects.

Professional Experience

Freelance Mobile App, *Self-Employed*   08/2025 – 12/2025   Barcelona
- Developed a gym class booking app using React Native and Supabase.
- Implemented user reservation and payment systems.
- Built an admin panel for class and schedule management.

Freelance PoloWheel Mobile App, *Self-Employed*   04/2025 – 08/2025   Sotogrande
- Built a multi-role platform for a polo-wheel club using React Native and Supabase.
- Implemented three distinct profiles: Admin (class management), Parent (booking & payments), and Junior (viewing classes & rankings).
- Streamlined the class reservation and payment process for members.

Internship, *Gandolapp*   11/2023 – 05/2024   Barcelona
- Full-stack development for web and mobile platforms
- Integrated voice recognition and tracking features
- Code reviews and performance optimization

Software Developer Bootcamp, *Becode*   05/2023 – 11/2023   Brussels
- Built multiple web applications (News, Chat, Football Stats, Stock Viewer).
- Collaborated in teams on development, testing, and code reviews.

Education

Game Development Program – Unreal Engine 5, *Cepi-Base*   09/2024 – 03/2025   Barcelona
- Blueprint scripting, C++, and core gameplay systems
- Multi-level game development with progression mechanics

Computer Science, *ULB*   09/2020 – 06/2023   Brussels
